SANTA ANA, CALIFORNIA, MONDAY EVENING, MAY 28, 1917.

50 CENTS PER MONTH

## 60,000 AUSTRIANS LOST TO ITALIANS IN 2 WEEKS, IS ESTIMATE

### U. S. MEN IN WAR SOON TO TOTAL 100,000

#### Here Are Facts On Government's Liberty Loan

The sinews of war are men, munitions and money. The greatest immediate need of the United States today, to render the best help to her Allies, is money.

This money can be raised by the government by borrowing and by taxing. The United States is at present employing both methods. Borrowing by means of the Liberty Bonds is a method of securing immediate funds for the prosecution of the war and spreading the burden of repayment over a period of from 15 to 30 years, when, it is hoped, world civilization will be in a happier state than now. Taxation does not bring in the funds as quickly as bond issues, but nevertheless helps to pay off immediately a large part of the current expenses of the government.

It is this government's avowed intention to put the burden of our share in this struggle for Democracy as far as possible on the present generation and not to shift our troubles on to our children. That is why the Liberty Bonds are issued with a maturity of only 30 years and a large part of the current expenses will be taken care of by taxation.

This is sound reasoning, as we can well stand the burden. It will keep our country in healthy financial condition for the keen world competition in business which we must face after the war.

Are you doing your share to straighten out this world struggle in the right way by subscribing for the Liberty Bonds?

What will be the effect on business of the successful subscription of the two billion dollar Liberty Loan?

Do not worry, you Manufacturer, Merchant, Employee.

The immediate effect in every war has been that business should be stimulated to the last degree.

Every railroad, every mill and factory, every mine, every farm will be pushed to its utmost to meet the increased activity caused by the government coming into the market as a buyer on an enormous scale.

The government is already talking of spending ten million dollars in San Francisco for a city to house our soldiers. Does this not spell immediate prosperity?

War for the next three years as regards business would mean a kind of concentrated "prosperity"—the lavish spending of vast sums of money on our industries by our government.

The cost will come in loss of our young men, in waste of money in unproductive lines and for the future in increased taxation. But the cause of Civilization is worth the cost.

A large oversubscription to the Liberty Loan will shorten the war. And no one need hesitate to subscribe because he fears any possible business depression in the immediate future.

SUBSCRIBE TODAY AT YOUR BANK.

### GIGANTIC WHEAT NEED OF ALL NATIONS TOLD BY HOOVER

500,000,000 Bushels Will Be Needed By Entente From Next Harvest, Claim

WASHINGTON, May 28.—The allies in order to provide a minimum bread ration must have five hundred million bushels of wheat from America from the next harvest, Herbert C. Hoover today said. The allies also will require 350,000,000 bushels of other grain.

### U. S. FLIERS ESCAPE DEATH IN FRANCE

New Type Plane Traveling at 140 Miles An Hour Dives To Earth, Is Wrecked

PARIS, May 28.—Lieutenant William Shaw of Pittsburgh and Corporal Harold Willis of Boston, with Captain Thénault, all of the Lafayette escadrille of the French air service had a miraculous escape from death in a fall at the front, according to word reaching here today. The plane in which the three men were riding crashed to earth after attaining a speed estimated at 140 miles an hour. None of the trio was seriously injured and all were able to walk away. The machine was literally splintered. The cause of the accident is not known.

Captain Thénault is commander of the Lafayette escadrille. Recent United Press dispatches from Henry Wood, who visited the Americans in the Lafayette escadrille, told of the French Government's plan to furnish this corps with French battle planes of the newest and speediest type. The statement that the plane was traveling at 140 miles an hour—a speed far in excess of that attributed to any recent models—indicates they may have been using a new type, probably trying it out behind the lines.

### TROOPS TO QUELL MINE STRIKE, WORD

Jerome, Arizona, Situation Is Growing More Acute; Men In Ugly Mood

JEROME, May 28.—Lieut. Col. James J. Hornbrook of the Seventeenth Cavalry and John J. McBride of the Department of Labor, rushed here today to probe the strike. A detachment of troops is expected immediately. Governor Campbell is on the ground. The outlook is serious. Disturbances continue.

JEROME, Ariz., May 28.—That troops are being rushed to this city to quell strikers is the report here today as the situation grows more acute. The strikers are in an even more ugly mood than last night. Ten have been jailed on the charge of carrying arms. Fearing rioting if brought to trial, the police judge has postponed the cases indefinitely. One Mexican worker fired several shots at strikers who stoned him. Union leaders are arranging a parade at Clarkdale to calm the strikers, but citizens fear they cannot control the situation.

### TONG WAR RENEWAL IS SEEN IN ANGEL CITY

LOS ANGELES, May 28.—Ching Wing, representing the Chinese tong which were at war for many weeks, but signed a 30-day peace pact in April, has notified the mayor and police that the conference the city authorities were to have with the Chinese Chamber of Commerce Wednesday evening has been called off. The Chinese refuse to confer and officials believe it means a renewal of the tong war. Chief of Police Butler believes stringent means of stamping out the war must be taken immediately.

### TORNADO DEATH TOLL NOW 238; AID SOUGHT OF ILLINOIS

More Than 2000 Are Homeless at Mattoon, Says Mayor In Urgent Appeal

CHICAGO, May 28.—The tornado's toll grows. The dead are now known to number 241. Seventy others will die, it is estimated. One thousand and forty-one are injured. The damage is \$6,000,000. Thousands are homeless. Red Cross and other organizations are taking up relief work.

CHICAGO, May 28.—Two hundred and thirty-eight persons were known dead today and 1,122 injured, many of whom will die, as a result of a series of tornadoes which swept Illinois and Indiana on Saturday; Southern Illinois, parts of Arkansas, Kentucky and Alabama late yesterday and Kansas on Friday. Thousands are homeless and destitute. Property damage amounts to millions of dollars.

The dead and injured are listed as follows:

Illinois—128 dead, 750 injured. Kentucky—50 dead, 47 injured. Alabama—26 dead, 0 injured. Arkansas—12 dead. Indiana—7 dead, 200 injured. Tennessee—6 dead, 53 injured.

The heaviest loss of life was in Mattoon, Ill., a city of 10,000 population, where Saturday afternoon's storm exacted a toll of 63 known dead, and injured estimated from 300 to 500. The property loss in that city and the surrounding country is estimated at \$2,000,000.

Charleston, Ill., twelve miles east of Mattoon, also was partly wrecked, with a loss of 50 lives. The injured are estimated from sixty to 150. The damage there is estimated at \$1,000,000.

The loss of life elsewhere in Illinois is estimated at 15, with 100 injured. The storms began with Friday in Kansas, where Andale was wiped out, with 26 dead and 60 injured. Late Saturday a series of tornadoes swept the vicinity of St. Louis and swept northward and eastward, extending northward nearly to Chicago and crossing the state line into Indiana, where Bloomington and other cities were hard hit.

Alabama, Tennessee, Arkansas and Kentucky were visited yesterday afternoon and last night, while another tornado struck Murphysboro and Wilshire, in Southern Illinois.

Recovery of bodies of the dead, succor of the injured and provisions for the homeless and suffering was proceeding rapidly today. Citizens of the towns and cities affected raised thousands of dollars for relief work, while an appropriation of \$3,000,000 was to be asked of the Illinois legislature today.

Militia has been called out in the stricken district and was aiding in relief work and protection of property. Mayor Swann of Mattoon has appealed to the people of Illinois for aid. He said that more than 2000 are homeless and that many of the bread-winners have been killed. "Money is needed," he concluded, and it must be had."

### MATTOON DEATH TOLL TO REACH 100, IS BELIEF

MATTOON, Ill., May 28.—Early today sixty-three bodies were lying in temporary morgues here as the mute testimonial of the fury of the tornado which tore through this city late Saturday afternoon.

Over 500 were injured and physicians estimated many of these will die and that the total dead will reach 100 in this city alone.

At Charleston fifty bodies have been recovered and it is estimated the dead there will reach 75.

### REGISTRAR OF L. A. COUNTY IN QUANDARY

LOS ANGELES, May 28.—To say that County Registrar David B. Lyons is in a dilemma is putting it mildly. Los Angeles county covers some 4000 square miles and many hundred thousand population. But in spite of this fact, Lyons has orders from the government to "receive personally the returns of the conscription registration June 5." Lyons admits shyly that this is a physical impossibility and has therefore appealed to Governor Stephens to secure from Washington a special dispensation for Los Angeles county.

BELMONT PARK OPENS  
NEW YORK, May 28.—In spite of the fact that stands and stables were twice badly damaged by fire, Belmont Park, New York's famous race track, opened its spring season here today. Stands and stables have been replaced.

### Trieste Defenders Mass Last Reserve Armies Against Foe

ROME, May 28.—Austria is massing every man of its reserves for a last desperate defense of Trieste, from which the Italians are now less than ten miles.

Meanwhile the troops of the dual monarchy are giving way on the left wing to the irresistible advance of the Italians.

It is estimated that the Austrians have lost 60,000 men in dead, wounded and captured since May 14.

Austria is draining the Russian front of every possible man to meet the Italian offensive.

The Germans, weakened on the Eastern front by their heavy withdrawals to the west, are now apprehensive of what the Russians will do against them, it is reported.

### TEUTON BLAZING FIRE DRIVE SMASHED BY FRENCH

PARIS, May 28.—Repulse of a German raid made with blazing fire sprays around Mount Blanc, was announced by the war office today as one of a number of desperate German attempts to force the French to relinquish some of their recently gained territory.

"In the Champagne at nightfall there were two attacks around Monts Casque and Teton, which were everywhere repulsed," the statement continued. "West of the Meuse in the region of Hill 304 and Deadman's Hill, artillery fire was very active.

"In the region of Uffholtz, in Alsace, French detachments penetrated the second enemy line, finding many dead and bringing back many prisoners."

### HAIG TAKES PRISONERS IN REPULSING NIGHT ATTACKS

LONDON, May 28.—German night attacks northwest of Chersey and south of Lens were repulsed and a number of prisoners taken, Field Marshal Haig reported today. "The enemy suffered severe losses," the statement said. Successful raids by the English on German support lines north of Arras are also reported "between twenty and thirty prisoners being taken."

### Teuton Retreat to Meuse Near as French Advance

(BY HENRY WOOD, UNITED PRESS STAFF CORRESPONDENT)

WITH THE FRENCH ARMIES NEAR CRAONNE, May 28.—Steadily through one entire week a battle has been raging around Craonne which may ultimately force Germany's retirement to the Meuse. The French communications have not mentioned the fighting, except incidentally—but it has continued incessantly, bitterly and victoriously for the French.

Already the French troops have descended from Paon plateau into the valley of the Meuse. Today they were steadily driving a two-edged and fatal wedge into the German lines. Once this wedge is sufficiently plunged into the enemy's front the French can turn either north or south—or in both directions simultaneously. A successful movement in either direction will be sufficient to force a German retirement to the Meuse line, to save the Hindenburg front northward through Laon, St. Quentin, Cambrai and Douai.

### French Gain Advantage

Already the battle has advanced sufficiently to insure this result if it continues favorable to the French. But several weeks of continuous operations are likely before the decisive moment in this stroke is reached.

### New Menace to Teutons

Further successes reported today north of the Moronvilliers crest is one other menace to the German line which may force their retirement. Another wedge is being driven here into the big bend in the German front. This is far behind the present German line against which the British are battering to the north.

### 13,000 Italians Seized, Is Assertion of Vienna

VIENNA, Via London, May 28.—"Our defenders' lines remain unbroken," declared an official statement today on the Italian front fighting, claiming capture of 13,000 prisoners from the enemy since the beginning of the tenth Isonzo battle. Furious fighting was reported.

"On Saturday," the statement said, "our counter thrust on the heights near Vodice drove off an attack. Near Kostanjica the enemy advance was brought to a standstill in front of our foremost trenches."

### GERMANS IN U. S. PLAN TO DETHRONE KAISER

NEW YORK, May 28.—Organizing a nation-wide propaganda with the object of dethroning Emperor William and establishing a German republic, liberty loving Germans of America have opened headquarters here under the title, "Friends of the German Republic." Everything possible will be done to insure for the Kaiser the same fate that befell his cousin, Nicholas Romanoff of Petrograd, who is now hoing potatoes. An appeal to Germans to help in the propaganda has been issued by the organization.

### 133 DIE IN SPANISH SHIP

LONDON, May 28.—One hundred and thirty-three lives were lost when the Spanish steamer C. de Elzaguirre sank.

### PROMINENT FRESNANO DEAD

LOS ANGELES, May 28.—James W. Minton, prominent agriculturist of Fresno, died early today at Clara Barton Hospital.

### FIGHT, RUSS LEADERS' PLEA TO ARMIES

New Democratic Chiefs Unite to Spur Soldiers to Go On With War

### NEW OFFENSIVES ARE PLANNED BY SLAVS

Assistant War Head Declares More Soldiers Are Needed, Desertions Must Stop

BY WILLIAM G. SHEPHERD (United Press Staff Correspondent)

PETROGRAD, May 28.—All of Russia's forces of the new democratic government were turned today toward spurring the army to fight and steeling the people at home to sacrifice. The spectre of Germany close at hand striving to wrest Russia's newly-found freedom from her people, was being invoked all over the country to re-awaken the fires of patriotism and back up the demand for vigorous pushing of the war.

"Failure to advance against the Germans means losing the fruits of our revolution," declared Assistant Minister of War Yakubovitch in a speech today to the peasants' congress which was typical of scores of others made by government officials in various cities today.

"Germany has removed many of her troops and her guns to the west front," Yakubovitch continued. "If she can possibly crush the allies there, Germany will next turn to us."

"Russia was never better supplied with shells than now. She is even enabled to stop the manufacture of shells in some factories and to substitute therein the manufacture of farm machinery. We have sufficient guns and other necessities of war. But the army suffers from lack of food."

### Pleads for More Fighters

"The government demands your assistance. Not only is food needed, but more soldiers are required. You must aid in stopping desertions."

Minister of War Kerensky is carrying such a gospel to soldiers at the front. Here at home other ministers are busy. Minister of Labor Skobelev was the principal speaker today at a meeting of the workmen's council. His plea was for rehabilitation of Russia's finances.

"We must have money," he declared. "So far we have been compelled to follow the methods of the old regime—that is, to print paper money. Such a deceitful plan must be done away with. We must place higher taxes on war earnings—even to the extent of a hundred per cent levy."

### 5 HELD AT DETROIT IN ANTI-DRAFT PLOT

DETROIT, Mich., May 28.—Accused of treason in connection with an alleged nation-wide conscription conspiracy, five Detroiters were arrested today by Federal authorities.

The specific offense for which they were held was distribution of hand bills bearing the caption, "Kill the Draft," and announcing a Socialist mass meeting to this end for June 3.

The prisoners are: Herman Eberly, Max Wadman, Philip Ehaviv, John Furier, Pane Parker.

### WILSON NAMES SIMS U. S. VICE ADMIRAL

WASHINGTON, May 28.—Rear Admiral Sims, commanding the American fleet of destroyers co-operating with the allied fleet, was today formally named vice-admiral by President Wilson.

### U. S. C. TO DEVELOP MILITARY ENGINEERS

LOS ANGELES, May 28.—The University of Southern California is to be the first American institution to offer a full course in military engineering. Beginning next fall this course will be added to the curriculum. Regular army officers, assisted by the University staff, will conduct the course, the army officers lecturing on military problems.

Resume of American Participation So Far Is Issued By Britain

### ABILITY TO TENDER POWERFUL AID SHOWN

Yankee Planes Looked to For Protecting England Against Further Air Raids

WASHINGTON, May 28.—The dispatch of a large force of Japanese troops to the Russian front will be the next big move in the world war. Fearing a Russian peace, the Japs advise this in order to avoid German aggression in Asia.

LONDON, May 28.—One hundred thousand American fighting men will shortly be in France, it was learned today. This number includes the Americans now serving in the British and French armies.

The British Government today issued a resume of what has been accomplished by America since its entry into the war. The report demonstrates complete participation of the war and its ability to give immediate and powerful aid to the allies.

England, it is apparent here today, looks to America to protect her against further air raids such as the one in which scores of women and children were killed Friday. Hope that America will send large numbers of war planes to fight the Germans is expressed.

### 4 SAW L. A. COUNTY JAIL BARS, ESCAPE

Waiting Automobile Rushing Men Over Mexican Line, Officers Believe

LOS ANGELES, May 28.—Sawing the bars of the county jail here today, four men let themselves down to the ground thirty feet below by means of a rope and escaped.

County officials believe the men arranged with an ex-prisoner on probation and were rushed over the line into Mexico in an automobile.

The four escapes are:

John Jones, alias Ember, sentenced to six years at Folsom for burglary; James Burns, awaiting trial for alleged burglary; Tom Sharkey, sentenced to five years at Folsom for placing dynamite in Pacific Electric station and under indictment for robbing San Jacinto, Cal., postoffice; and Jack Kans wanted in Arizona on a charge of robbery.

### RENEWED TROUBLE IN MINE STRIKE FEARED

JEROME, Ariz., May 28.—Renewed disturbances growing out of the strike of copper mine workers here are expected today following trouble that broke out here last night. Rocks were hurled against a group of miners being escorted off duty by mounted guards from the United Verde. A union parade was broken up by further stone throwing, and one man was arrested. G. H. Wilson, captain of the Home Guard was attacked. The city jail, where the arrested man was taken, was surrounded. Wilson, taken to the city hall by rescuers, was followed there by a crowd and hooted and cursed.

In an attempt to placate the strikers, Mrs. Clarence V. Hopkins, wife of chief engineer of the United Verde, addressed them, trying to settle the dispute. "I know an injustice has been done you boys," she said, "but my heart is with you, and in five days I believe I can secure terms acceptable to you all."

# M. & M. PLEDGES REGISTRATION SUPPORT

Will Assist Government Officials In Registering Eligibles Under Draft

Pledging their support to the national and state governments in the registration of all eligible to military duty under selective conscription, the directors of the Merchants and Manufacturers' Association this morning passed a resolution declaring that it would be for the best interests of the country not to interrupt business by closing business houses on conscription day. The resolution follows:

"Resolved, that it be the sense of the M. and M. Association duly assembled, that it is for the best interests of the country that business be not suspended on registration day, and that business conditions be kept as normal as possible, and that all members co-operate with the government and state officials to the end that an accurate and hasty registration may result."

## Holiday Declared

Decoration Day was declared a holiday and all members of the organization are asked to suspend business for the day, except where closing will conflict with public necessity.

## Challenge Accepted

The M. and M. has accepted the challenge of the high school faculty for a baseball game for the benefit of Company L. W. H. Spurgeon was appointed captain of the Merchants' team and he was authorized to confer with Prof. W. M. Clayton and arrange a date for the game.

## LOS ANGELES MAN SPEAKER AT FORUM

A. Levin of Los Angeles was the speaker at the Open Forum yesterday. His subject was "Censorship of the Press and Freedom of Speech." He took the view that there cannot be real freedom until economic and industrial freedom is a fact.

He said that freedom of speech exists only so long as it does not interfere with what he called the ruling class in society.

"Only when men do not have to depend upon the favor of industrial barons for their jobs, but are free to labor and enjoy the fruits of their work can they be sure that none will interfere with their rights of free speech, assembly, etc.," said he.

The Forum voted to circulate a petition asking the President not to send American soldiers to Europe.

Next Sunday the unrestricted introduction of Asiatic labor into California will be discussed.

## HER WRISTS SPRAINED

While getting out of an automobile yesterday, Mrs. C. P. Cross tripped and was thrown forward upon the sidewalk. Both wrists were badly injured. One wrist is in splints and the other was severely sprained.

# BACKACHE SOON DISAPPEARED

Could Not Do Housework Till Lydia E. Pinkham's Vegetable Compound Removed Cause.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."

ALTON D. OAKES, Fort Fairfield, Maine.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be answered by women only.

Just a little off the main business street may mean a few more steps for you, but it also means

## MONEY SAVED

We pay less rent and hence can sell for a little less than the man who has high rents and more overhead expenses.

This week's specials:

Hominy Flakes, 2 lbs.	25c
Tropic Oysters, 2 cans	25c
Red Salmon, tall can	19c
Fancy Hand Picked Limas, lb.	14c

# REGISTRY LIST FOR JUNE 5TH ANNOUNCED BY COUNTY CLERK

For Each of 106 Precincts In the County There Is Given the Place for Registration and the Name of the Registrar Who Has Been Appointed for Volunteer Service

There is herewith printed the full list of places for registration and the names of the registrars for registration in Orange County under the draft law. Every man who has reached his twenty-first birthday anniversary and who has not yet reached his thirty-first birthday anniversary must register. The precincts are the same as those outlined and used at the last general election. The registrars are to serve without compensation.

## NOTICE Registration for Military Service

Pursuant to the Proclamation of the President of the United States, and under the provisions of the Act of Congress, approved May 18, 1917, and of the requirements of which Act every person required to register for military service of all male persons between the ages of twenty-one and thirty years (up to thirty-one years) except officers and enlisted men of the Regular Army, the Navy, and the National Guard, and Naval Militia, while in the service of the United States, and all persons between said ages of whatever nationality or race, whether citizen, alien, or alien enemy, are hereby notified to present themselves for and submit to registration by the registrar of their respective precincts on said date.

In case of men having no fixed place of residence, such as transient labor, they should be registered as residents of the precinct where they are employed on the day of registration, or if not employed where they are on that date.

Absentees from their respective precincts, except such as are herein provided for, and the sick should arrange for registration by the County Clerk.

The respective registration precincts which are co-extensive with the election precincts at the last general election, together with the place of registrations therein, and the Registrar thereof are as follows:

- Santa Ana Precinct No. 1**—Polling place, Supervisors' office, Court House. Registrar, A. T. O'Brien.
- Santa Ana Precinct No. 2**—Polling place, Intermediate School Building on North Main street. Registrar, John S. Perry.
- Santa Ana Precinct No. 3**—Polling place, McFadden's Hall on East Fourth street. Registrar, J. C. Metzger.
- Santa Ana Precinct No. 4**—Polling place, John N. Anderson's Building on South Broadway street. Registrar, Geo. A. Whidden.
- Santa Ana Precinct No. 5**—Polling place, Spurgeon School Building. Registrar, Paul H. Anderson.
- Santa Ana Precinct No. 6**—Polling place, Randall's Barn. Registrar, Walter Cohen.
- Santa Ana Precinct No. 7**—Polling place, Lincoln School Building. Registrar, G. B. Brown.
- Santa Ana Precinct No. 8**—Polling place, Stephenson's House, 926 Lucy street. Registrar, T. E. Stephenson.
- Santa Ana Precinct No. 9**—Polling place, 602 Fruit street. Registrar, George H. Davis.
- Santa Ana Precinct No. 10**—Polling place, Higgins Building, 1025 East Fourth street. Registrar, W. H. May.
- Santa Ana Precinct No. 11**—Polling place, City Hall. Registrar, Robert H. Skiles.
- Santa Ana Precinct No. 12**—Polling place, Collar Factory. Registrar, Frank L. Andrews.
- Santa Ana Precinct No. 13**—Polling place, Roosevelt Building on East First street. Registrar, Henry H. May.
- Santa Ana Precinct No. 14**—Polling place, D. Halliday's Garage. Registrar, H. M. Davis.
- Santa Ana Precinct No. 15**—Polling place, M. D. Halliday's Barn. Registrar, John Chelren.
- Santa Ana Precinct No. 16**—Polling place, J. E. Liebig's Garage on Maple avenue. Registrar, J. E. Liebig.
- Santa Ana Precinct No. 17**—Polling place, Buckington Place on Pioneer street. Registrar, Charles Parslow.
- Santa Ana Precinct No. 18**—Polling place, Technic High School Building. Registrar, E. B. Covington.
- Santa Ana Precinct No. 19**—Polling place, Almy on Birch street. Registrar, S. D. Barker.
- Santa Ana Precinct No. 20**—Polling place, McKinley School on West Third street. Registrar, W. R. Howell.
- Santa Ana Precinct No. 21**—Polling place, Cozad's store on West Fourth street. Registrar, W. J. Cozad.
- Santa Ana Precinct No. 22**—Polling place, Cozad's Store on West Fifth street. Registrar, G. P. Campbell.
- Santa Ana Precinct No. 23**—Polling place, Building west of Christian Church, corner Birch and Sixth streets. Registrar, H. B. Kelly.
- Santa Ana Precinct No. 24**—Polling place, N. E. Corner Hickox and Ross streets. Registrar, S. W. Trickey.
- Santa Ana Precinct No. 25**—Polling place, Backs' Place, 629 Van Ness avenue. Registrar, J. M. Backs.
- Santa Ana Precinct No. 26**—Polling place, Prince Garage, 702 Hickox street. Registrar, Chas. W. McNaught.
- Santa Ana Precinct No. 27**—Polling place, N. W. Corner Washington avenue and Ross street. Registrar, F. W. Wiesseman.
- Santa Ana Precinct No. 28**—Polling place, F. W. Harding's Place, corner Broadway and Twentieth street. Registrar, Clyde C. Whitney.
- Anaheim Precinct No. 1**—Polling place, Anaheim Union High School Building. Registrar, Roger C. Dutton.
- Anaheim Precinct No. 2**—Polling place, A. D. Erickson's Store. Registrar, A. D. Erickson.
- Anaheim Precinct No. 3**—Polling place, Orange County Plumber's Office. Registrar, H. H. Whitaker.
- Anaheim Precinct No. 4**—Polling place, Central Grammar School Building. Registrar, Daniel Naugle.
- Anaheim Precinct No. 5**—Polling place, Office of Stewart Fruit Co. Registrar, M. Nebelung.
- Anaheim Precinct No. 6**—Polling place, Arnold's Store, 1154 West Center street. Registrar, Max Boege.
- Anaheim Precinct No. 7**—Polling place, Freeman School Building. Registrar, Ralph W. Maas.
- Anaheim Precinct No. 8**—Polling place, 117 South Los Angeles street. Registrar, Fred K. Gresswell.
- Anaheim Precinct No. 9**—Polling place, City Hall. Registrar, W. P. Webb, Jr.
- Anaheim Precinct No. 10**—Polling place, Primary School Building. Registrar, Hans V. Weisel.
- Anaheim Precinct No. 11**—Polling place, Gibbs Lumber Company Office. Registrar, J. E. Baker.
- Bolsa Precinct**—Polling place, Bolsa Store. Registrar, D. W. Spradlin.
- Brea Precinct No. 1**—Polling place, Albert Launer's Office. Registrar, Albert Launer.
- Brea Precinct No. 2**—Polling place, Brea Canyon Oil Co. Office. Registrar, Harley Hughes.

There is only one day for registration, the day herein specified, and any person who shall wilfully fail or refuse to present himself for registration, or submit thereto as provided by said Act shall, upon conviction thereof in the District Court of the United States, be punished by imprisonment for not more than one year, and shall thereupon be duly registered.

Preserve your registration certificate. After the day of registration any male person between the ages proclaimed by the President may be called upon by any peace officer to exhibit his registration certificate, and unless he produces it, may be taken into custody.

In Testimony Whereof, witness my signature and seal this 26th day of May, 1917.

(Seal) W. B. WILLIAMS, County Clerk.  
And Ex-Officio Executive Officer of Registration for County of Orange, State of California.

## PLACENTIA PLEDGES \$50,000 FOR FACTORY

PLACENTIA, May 28.—By subscription Placentia citizens have donated \$50,000 toward the erection of an airplane factory and have secured 100 acres for demonstration purposes, between Placentia and Anaheim. This acreage was given by Mr. Loftus of Placentia.

**FORD CAR STOLEN**  
Willis Perkins has reported the theft of his Ford machine last night. The car was taken from Main street, near Fourteenth.

# ADAMS PEPSIN THE BIG BUSINESS-MANS GUM

This business man has just quit his desk to command a regiment and help America win the war. Almost all the big successful men who give commands in business or in the Army prefer Adams Pepsin, the Original Chicle Gum, to any other gum. It keeps their high strung nerves steady and their digestions in trim.

Cooling Peppermint Flavor

## PATRIOTIC PROGRAM GOING TO BE GIVEN AT EACH SCHOOL

A special patriotic assembly will be given at the high school at 11:30 a. m. on the platform in front of the administration building tomorrow.

The program will be as follows:

"Star Spangled Banner," by the school.

Reading of Order No. 11, by Eric Simon.

Lincoln's Second Inaugural Address, Arnold Towns.

"America, the Beautiful," by the two Glee Clubs.

A Memorial Day Speech, by Donald Winans.

Reading, Miss Elizabeth Bruner.

Talk by F. M. Grigsby, member of Sedgwick Post.

"America."

The G. A. R., W. R. C., Daughters of the Revolution, Spanish War Veterans and the public in general are invited to the Memorial services to be held in all of the city school buildings tomorrow from 11 to 12 o'clock.

**SPRING COLDS ARE DANGEROUS**  
Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief; this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

## FACTORY HELP IS AVAILABLE IN SANTA ANA

Fifty Young Women Have Filed Applications With C. of C. Secretary

That Santa Ana can supply girl and woman help for a number of garment factories is evidenced already by the number of girls and women of the city who have advised Secretary Metzgar of the Chamber of Commerce that they would be willing to accept work in such factories.

The listing of these is in response to a request a few days ago for the names of those who would be willing to work in garment factories. It is said a large number of factories in Los Angeles are seeking locations in smaller cities where they could secure more reliable help.

Fifty girls and women have filed their names and addresses with Metzgar, some applications coming from Huntington Beach and Tustin.

The request for names was made last week through the local press and response is just being made. Metzgar has been advised that there are many young women in the city and surrounding territory that would accept factory work if factories were established but that they would not file their names.

The factories in Los Angeles employ from fifteen to thirty people each, with wages averaging from \$9 to \$15 per week. The garments are sewed by piece work and the wage depends on the skill and industry of the individual.

"I believe we could furnish help for half a dozen such concerns right off the bat," said Metzgar this morning. "Should they locate here help would develop that we cannot now get in touch with."

### The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of **Foley's Honey and Tar** at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, May 28. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as **Foley's Honey and Tar** is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

## BOYS CREDITED WITH TAKING OF METAL TAGS

In order to get three or four cents' worth of lead, boys have caused the county nursery people considerable trouble. Incidentally the boys have stolen something that belongs to Uncle Sam. Recently the county nursery received a dozen or fifteen plants from the Department of Agriculture. These were imported plants for experimental purposes, and to each variety the Federal authorities affixed a metal tag about three by two inches upon which was stamped the name of the tree, where it came from and what might be expected of it. In taking away the tags the boys pulled some of the plants out of the earth, and the removal of the tags took away the record of the plants.

## BAY AREA CRASHES KILL 7, MAIM 17

SAN FRANCISCO, May 28.—Seven people are dead today and seventeen injured as a result of Sunday's automobile and street car accidents in the bay district. Four women and one man—every occupant of an automobile—met a terrible death yesterday under the wheels of a speeding electric train at Moraga crossing.

While ten relatives sat helplessly in two other automobiles near by, the train, going forty-five miles an hour, struck the automobile squarely and strewn wreckage along the track for 300 feet. The five bodies were recognizable masses of flesh when removed. The wrecked automobile was hurled against a telegraph pole with such force that the pole was broken.

The dead:  
Miss Gladys Mortimer, 26.  
Mrs. A. E. Richmond, 24.  
Miss Eva Walker, 16.  
Mrs. T. J. Canon, 65.  
A. J. Hawkins, 30.

A. E. Richmond, with his little daughter, sat in another automobile and saw his wife killed.

Another electric train struck an automobile driven by Peter Block in Berkeley. Little Viola Block, aged 3, was thrown from the machine and instantly killed. Seven of the other occupants were somewhat bruised.

In San Francisco, Mrs. Laura Mulline, 39, was instantly killed when an automobile collided with a McAlister street car. Two other people in the automobile were slightly hurt.

Eight people were badly shaken up, and one man may die, as a result of a cable car accident in San Francisco yesterday.

A Sacramento street car lost its grip and sped down a steep hill, crashing into a Hyde street car. Martin Kurtela's skull was fractured.

## FOREIGN AFFAIRS CONCLAVE OPENED

LONG BEACH, L. I., May 28.—Representative men of all shades of opinion assembled here today to discuss the foreign affairs of the United States. The convention was called for the purpose of developing unrestricted debate on all phases of our international problems, and interesting all Americans in them.

Some of the scheduled speakers are Charles E. Hughes; Henry W. Morgenthau, former ambassador to Turkey; William H. Taft; Nicolas Murray Butler, president of Columbia University; Samuel Gompers; Bainbridge Colby, the Progressive leader; Walter Fisher, former Secretary of the Interior; John Bassett Moore, former State Department counselor, and Albert Shaw, magazine editor.

Open diplomacy, American problems in the Caribbean, labor, the Far East and the United States' future relations with Latin America are among the topics under discussion.

## THEATER-GOING CARDS, DANCING ARRAIGNED BY JUDGE

W. H. Thomas Talks Plain At Sunday Meeting Young People At Christian Church

Theater going, card playing and dancing were given a severe arraignment by Superior Judge W. H. Thomas last night in an address at the First Christian church.

Young people crowded the church, completely filling the auditorium and Bible school room. It was a Young People's service and the address of Judge Thomas was incident to the answering by Pastor Lloyd Darsie of questions propounded by young people in a question box campaign of a few weeks ago.

J. S. Carmichael, manager of the local office of the Western Union, presided, and Messrs. Wells and Parslow led in Scripture reading and prayer. Congregational singing was one of the features. A violet duet, "Sounds From Home," was rendered by Milton Foster and Elwell Squires. Miss La Rue Phipps delighted with a vocal solo.

Eight young ladies dressed in white ushered the people to seats, and at the time of the collection arranged themselves in a semi-circle in front of the platform, and received the collection after repeating the words: "I had rather be a doorkeeper in the house of my God, than to dwell in the tents of wickedness."

"Popular Amusement" was the subject of Judge Thomas' address.

"I shall find no fault with such amusements as golf, tennis, baseball, football and other forms of outdoor sport," said the speaker. "These are normal and healthful. But if I differ with you in my estimate of such amusements as theater-going, dancing and card playing, I don't care—I am going to tell the truth about these things without fear or favor."

"Theater-going as a confirmed habit, interferes with the serious business of life. It sometimes becomes a 'craze,' even with good people, and especially with young people, and prevents their best work in any direction. The modern dance is destructive of modesty and self-respect."

"Music and motion and the dance floor are sponsors for attitudes and liberties and familiarities that would not be permitted for one moment at any other time."

"The card table is too often in fashionable society the opportunity for gambling that is not one whit better than the average poker room with its confirmed gamblers. All these things interfere with one's highest influence. No one can lend himself to them and be free-handed for the greater things of life."

"Show me one person who is active in these doubtful amusements who has any appreciable influence in the Kingdom of God."

The address made a profound impression on the large company of young people.

**Darsie Answers Questions**  
The question box opened by Rev. Lloyd Darsie aroused much interest. The questions and answers were as follows:

"Is it wrong to make a bet? Is dice throwing gambling? We sometimes speak of gambling and petty gambling. I think such distinctions are dangerous. I remember a little jingle I heard as a boy: 'It is a sin to steal a pin. It is a greater to steal a 'taler.' It is a whopper to steal a copper.' Such gradations are harmful. The principal of taking anything that does not belong to you, is the same whether it is a dollar or a million dollars. The principle of gambling is the same whether you take a chance or make a bet or buy a lottery ticket or play bridge or buy pools or stocks."

"It is a perilous thing to arouse the gambling instinct. It charms, it allures, it fascinates its victims. But, you ask, are not some forms of wagering comparatively innocent? To buy the soda or ice cream, to wager chocolates or gloves, to play marbles or keeps or pitch pennies, that surely is not gambling?"

"Questionable or doubtful as it may be, it falls within the realm of whities and small vices. Just there we need to be careful. The boy who pitches pennies will pitch dollars when he can get them. Penny ante will not stay penny ante. The young man who bets on football games may yet bring up at Tia Juana."

**May Land At Monte Carlo**  
"The girl who plays bridge may land at Monte Carlo. Not all who indulge in petty gambling will go the limit, but many of them will. The gaming appetite is quite as persistent and enslaving as the habit of drinking intoxicating liquors. 'Don't arouse a sleeping dog.' Don't awaken and encourage a fascinating but destroying instinct. It is like the tiger taming blood—he will never be the same again."

"In Los Angeles, last week, a cigar stand proprietor arraigned dice throwing as a flimsy covering for gambling of all kinds. He charges that pools are sold and lottery tickets marketed and that the dice throwing cigar stand is practically a 'fence' for the violators of our anti-gambling laws."

"A very innocent looking germ may do a vast amount of damage. A pin scratch may produce tetanus. Look out for the gambling bacilli. They lurk in parlors and stores and sports and sometimes, also, even in churches. Absolute sterilization is the only protection."

"Should the word 'obey' be in the marriage ceremony?"

"This is a dangerous question—for the one who answers. I sent personal danger. The man who comes to

ed by yes and no. Here is one: 'Have you left off beating your wife?' See? If a woman had made up her mind not to obey, is it fair to take advantage of her in a marriage ceremony? The scriptures teach that wives should be in subjection to their husbands and that the husband is the head of the wife, but sometimes in some creatures, the sense is not in the head. What should we do under such circumstances? If some husbands would obey their wives, it would be a better and brighter world."

"Jesus said, 'The Sabbath was made for man. It is lawful to do good on the Sabbath day.' But that is no excuse for unnecessary work or unnecessary play."

"Our Lord's day is not the Jewish Sabbath. We are not under the ten commandments, but the divine principle of rest carries over into the gospel age. Reverence for the Almighty and His creative period demands of us that we too shall rest one day in seven."

"Whatever destroys the rest principle, whether it is work or play or picnic or baseball, is irreverent and disrespectful to the Supreme being."

"The rest day is one of the God given rights of man. It ought not to be put in jeopardy by sport or play. But as sure as the Lord's day becomes a holiday, will business men say, 'It is better that my laborers should work than riot on Sunday.' Do you see that the continental Sunday leads straight to no Sunday at all and so deprives the laboring man of a divine right. Work of necessity or mercy is lawful on Sunday, but that should not excuse the pagan spirit that takes up the ordinary task or the rioting spirit that makes the day a saturnalia of pleasure."

"For the Christian man, who performs the necessary task against his training and convictions, just because it is necessary, I have the utmost respect."

"For the Christian man who chooses to labor on the Lord's day and flaunts his irreverence in the face of saint and sinner, I have no respect whatever."

"As Christians we should avoid all appearance of evil and that should lead to a reverent, thoughtful, worshipful and healthful Lord's day."

**L. A. PUBLIC DEFENDER DIGS UP OLD 'DRY' LAW**

LOS ANGELES, May 28.—Public Defender Pope of Los Angeles, proposes to make it impossible for a person addicted to the inordinate use of liquor to buy a drink in this city. A statute, heretofore overlooked, provides that if members of the family of an inordinate liquor user serves notice on the saloon not to sell liquor to the person involved, it becomes criminal to disobey the notice. The Public

## U. S. Bonds Show Profit

During the war with Spain the United States government sold \$200,000,000 worth of bonds at 100 cents on the dollar, which were oversubscribed seven times, and were quoted immediately at a premium. Two years after the war the price of \$100 bonds went to \$111, thus bringing a profit to the holder of 11 per cent, besides the regular interest. Liberty Loan of 1917, 3 1/2 per cent bonds, can be obtained in denominations of \$50, \$100, \$500, \$1,000 and up and by a new plan can be paid for by monthly payments running a full year. Get your Liberty Bond today.

## THE LIBERTY BONDS

There are some people who have an idea that the purchase of a liberty loan bond is some kind of a patriotic donation. These people have a good deal to learn about the liberty bonds. Those bonds pay interest. They have the whole integrity and financial power of the United States government behind them. Buying a \$50 or a \$100 or a \$1,000 bond is not spending money. On the contrary, it is saving money. These bonds can be converted into cash. By the purchase of a bond, you become a creditor of your country and you demonstrate your patriotism in a substantial way. If in the numerous articles that have been published concerning the liberty loan you have failed to find an answer to some question that has arisen in your mind, if you decide further detailed information concerning the bonds, you may either watch the columns of the Register for the next two weeks or you may make inquiry of our banker, who will gladly give you the information you seek. The Register has forwarded to you and reserve bank at San Francisco a statement signifying that it is a volunteer to print a series of articles and display advertisements explaining the liberty loan. The first article of the series appears on the first page of the Register today. It is desirable that everyone, whether he takes a bond or not, should thoroughly understand the liberty loan. It is particularly desirable that Orange County should not be lacking in its subscriptions.

## NEED FOR NEGRO TEACHERS

From many sources comes the cry for more negro teachers. W. W. Lucas, a negro educator of Meridian, Miss., has issued a statement to city and state officials and employers of negro labor in the south in the course of which he says:

"Provide schools for the black man's children, and give him such work that he can keep his children in them. Give opportunity for young negro men and women to become teachers in these schools, and in the agricultural and home demonstration work now being done among the rural districts of the South, for the negro farmer needs this help even more than the white man in the same position."

At a recent national Baptist convention the Rev. Joseph A. Booker of Little Rock, Ark., called attention to the great negro migration to the North which is now in progress. Said he: "There are 20,000 negro school teachers in the South, and the demand is for 10,000 more. The North, too, will need such teachers more and more. So far, the Christian schools have furnished the great majority of these teachers, and many have come from the home mission schools." Rev. Booker urged support for these schools because they send out not only teachers, but other race leaders and workers.

That the salvation of democracy lies in the education of the masses is one of the first principles of our civilization. But sometimes its application gets side-tracked. The importance of the negro migration going on is almost everywhere under-estimated. A great stream of black labor is already flowing north, and its children must be cared for.

Where negroes live in any considerable numbers, they, as well as the whites, prefer segregated schools. But schools of some kind they must have.

negro teachers. The working out of the problem ought not to be left to volunteer Christian organizations alone. The government should enlarge its facilities for meeting the situation.

## With Malice Toward None

By Henry James

Sacrifices  
Clubwomen were discussing the subject of sending tobacco to the soldiers. Some of them favored it; some conceived it to be a wicked proposition. Arose one to pour oil on the troubled waters. "In these times," she said, "when we are all sacrificing so much (What?) would it not be proper to ask that the soldiers, themselves, sacrifice something? Let them resolve to go without tobacco. It is their duty. Aren't we willing to do our share? Then the soldiers should do their share."

There was not a hiss. Strange how tolerant the world is becoming! Now the woman was speaking seriously. She believed that she was uttering wisdom. Though perhaps herself to be regarded as a joke, she was not joking.

Soldiers enlist to fight for their country. They leave all that is personally dear to them, say good-by to their families, relinquish their means of earning money, and possibly abandon careers of great promise. They risk their lives, endure countless hardships, suffer wounds and death. And safe and silken in her clubrooms a human woman, who never smoked, arises to say that soldiers ought to be willing to "sacrifice something."

Can you beat it?

Grass and Potatoes  
Referring to the wisdom of causing two blades of grass to grow where one had grown before, a paragraph herein recently added:

"For the one blade of grass substitute one large potato and the virtue of productivity shines with new lustre."

A correspondent wants to know what advantage would result from causing two blades of grass to grow where one large potato had grown before.

It would be a pleasure to relieve the correspondent's distress were there any method by which the English language could be employed to convey an idea to him.

Playing the Devil  
The Chicago board of trade, in the act of forbidding gambling in grain futures, recalls vividly the old rhyme: "When the devil was sick, the devil a monk would be."

When the devil was well, the devil a monk was he.

When the police are expected to raid a joint it is natural for the boss to hide the chips.

Hasn't Alighted  
"Our military position never was so good as now," says Holloway.

When the chap had fallen from a twenty-story building he was heard to remark on passing stories lower down, "All right, so far."

But he hit the ground and his comment ceased.

Legal Reforms  
In every large city there are lawyers who flock about the prisons, veritable birds of prey. They are deflected by respectable members of the bar, who are and by their victims.

In addition to being slysters they are vagrants and confidence men. About once in so often in each of the afflicted cities there is an announcement that these pests are to be exterminated, but they never are.

The Gift of Prophecy  
Not long ago a deaf mute girl, about to die, developed a sudden energy that permitted her to announce that the war would end in September.

Prophecy is a vain thing, but in this regard a deaf mute sequestered on a sick bed would seem to have a peculiar disadvantage. It even is possible that the poor youngster was mistaken.

The Use of Money  
An American has just purchased a lot of old books and manuscripts for a million dollars.

Perhaps it is the necessity for doing such things that makes the war tax cause some of the rich so poignant a wretch.

Stealing a Kiss  
Charged with stealing a kiss from a girl who was willing, a young man was honorably acquitted, of course.

His act was not a theft, but acceptance of a benison.

Police Activity  
In Los Angeles no householder may play penny ante with his wife without danger of arrest.

It is good to observe the police so active in conserving morals, but is not such conservation compatible with minding their own business and interfering with crime?

General Wood's Demotion  
The "demotion" of General Wood, at which so many commentators crabbled, results in giving him the most important command in the army.

## LIBERTY BOND SALE

SCHOOL IS OPENED

SAN FRANCISCO, May 28.—A school of instruction for distribution of Liberty Loan Bonds by employees of the retail dry goods houses of the city has been opened at the Liberty Loan Committee headquarters here. This was in accordance with the Retail Dry Goods Association's action to place the loan bonds for subscriptions in all the members' stores, that patrons may be accommodated.

In each house designated clerks will handle the subscriptions.

SPORTS

By H. C. Hamilton

NEW YORK, May 28.—Henry Leonard, New York's pride in the ranks of the lightweights, will have tonight what probably will be his last real chance to annex the lightweight title from Freddie Welsh. Johnny Kilbane is close on the heels of the Britisher and, as Leonard has twice had his opportunity and failed, it behooves him to speed up tonight or give up hope.

It is hardly probable Welsh ever will consent to a twenty-round title tilt with the slugging Leonard, for he has just as good a chance to make a lot of money by meeting Kilbane over the marathon route and has hardly the same chance of being whipped for he is fast enough to keep Kilbane, a much smaller man, at a safe distance most of the time. Leonard's weight, which is within a few pounds of Welsh's, would help him to gain advantages that Kilbane would have to work harder for.

The bout will be a whirlwind affair; there isn't a chance to make a mistake on that point. Leonard's cleverness, his tireless energy, and the terrific sting of his punches, will make Welsh tangle up his legs in trying to outrun the challenger. Leonard undoubtedly realizes that he is out to make or break himself, and that will help speed up the entertainment.

Loss for Leonard would put him back six months as a money-making boxer. He would have a lot of prestige to regain and it is doubtful if he ever again would reach the heights he now commands.

Betting, in view of Kilbane's recent easy victory over Welsh, is all in favor of the New York lightweight, odds of 8 to 5 being freely quoted. Some bets have been made that Leonard will stop the champion.

## TRENCH TALES

LONDON, May 28.—Lieutenant Budimer Brodich, a Siberian, who suffered six punctures from one burst of shrapnel in the Canadian attack on Vimy Ridge, tells the story of Tommy Hays, his heroic bat-man or servant.

"We were in the second wave," Brodich, former member of the Royal Northwest Mounted Police, said. "We reached the first objective and went right through our first wave and went collecting prisoners. I saw Hays just behind me, where he believed a good bat-man should be. A minute later I looked back again and saw his face break out with red—a bullet shattered his lower jaw. I told him to go back but he wagged his head and stuck. Shrapnel shattered my steel helmet and drove bits of it into me. Just then Hays began to droop. Blood poured from his jaw. His blood streamed down my tunic as I carried him back to the dressing station on my shoulder. He's a brave soldier."

## THINKS HE'S SLAYER, FINDS HE IS DRUNK

LOS ANGELES, May 28.—An over-weening love for "Carrie" and a week's indulgence in alcohol made Martin Moran a murderer of his sweetheart—in his own mind—and docketed him as a drunk in the judgment of the police. In a penitent voice Moran called up the police early today and whispered that he had just killed "Carrie." Away dashed the two-lung patrol wagon. "It's Carrie that I killed," Moran confided when the officers arrived. "Every time I speak to her about my love she tells me to come back when I am sober. It's all over now." Investigation found the object of his affection in the pink of health and life. She was told she could find Moran sober in a day or two—at the city jail.

## RUSSIA WORRIES JAPAN

NEW YORK, May 28.—Russian developments which have led to what is tantamount to an armistice on the eastern front are being viewed with grave concern by Japan, according to a statement credited to Dr. Toyokichi Iyenaga, noted Japanese lecturer.

## BERKELEY STIRRED BY 'DRY' LIST OVERSIGHT

BERKELEY, May 28.—Berkeley is in arms today because Assistant Postmaster Burke left its name off a list of dry cities in the United States recently published and sent to all postmasters. The postoffice department sent out the list in connection with

## 'CASEY' SMITH ONCE TURNED DOWN BY P. L.

SAN FRANCISCO, May 28.—Frank Chance, the "Peerless Leader," was trotting across the field here the other day. All of a sudden he stopped and gazed at a player wearing the uniform of the local club. "Who is that fellow?" he asked. "Well, can you beat it?" he continued after learning the player's identity. "I picked him up when he was a kid and took him into spring training. He was an infielder then and had all kinds of promise, but I had to let him go because he lacked experience."

The player he was talking about is "Casey" Smith, Indian pitcher, winner of three successive starts since the season opened.

Harry Wolverton, manager of the Seals, was skeptical about Smith for some time, hence Smith's absence from the mound. He had so much promise, however, that Wolverton simply refused to obey his own impulse and release him.

And Wolverton surely is elated that he didn't turn him loose. Smith is one of the best young pitchers in the league. He has a sharp-breaking "spitter," a curve that breaks almost as sharply and fine control of his fast ball. He hasn't tremendous speed, but he keeps his fast ball where the batters don't like it.

## RABBITS FEET LUCKY SAYS S. F. PATROLMAN

SAN FRANCISCO, May 28.—There's luck in rabbits' feet, Policeman Dick Hughes says. Hughes arrested three men for vagrancy. When they entered the patrol wagon one threw a tobacco sack to the pavement. In it Hughes found a package of cocaine, a pair of crooked dice, a card of ten shee, a four-leaf clover and a rabbit's foot.

In bunny's "pedal" was found a hypodermic needle.

When the men appeared in court they all denied ownership of the bag and contents. They were released. That's why Hughes says there's luck in a rabbit's foot.

## H. H. MONROE, 3 'BUCKS' AWAIT YOU IN L. A.

LOS ANGELES, May 28.—Three round dollars are awaiting H. H. Monroe to claim them in Los Angeles. Monroe worked two days as a cook's "hunkie" in a construction camp. Then he quit, saying the camp was filthy. But because his employers said he gave no notice of leaving, he could not draw his pay. Monroe applied to Harry Epstein of the State Labor Commission. Epstein not only collected the money but made the cook clean up his kitchen. But now, where is Monroe?

## COWPUNCHER'S LONE 'CIRCUS' JAILS HIM

SAN FRANCISCO, May 28.—Dick Redmond, the only cowpuncher who ever rode "Whistling Annie," the wildest cayuse on the Calaveras range, had an ambition to be a wild west circus all by himself.

Recently he arrived in town from San Andreas. He brought five bronchos, one his favorite pinto. On his arrival he made arrangements to stage a wild west circus.

The performance was put on—but at a place Redmond had not figured on—at the city jail. Wearing his \$25 sombrero, \$50 silver spurs, high boots, green shirt and yellow handkerchief, Redmond opened his performance early. At noon it was still in progress and he wasn't sober yet.

When the "grand concert" is concluded after the main performance the police will start the circus back toward the range.

BAD COLDS FROM SUDDEN CHANGES  
Spring brings all kinds of weather and with it come colds and the revival of winter coughs and hoarseness. Dr. Bell's Pine-Tar-Honey will head off a new cold or stop the old one, the soothing balsam relieve the sore throat and heal the irritated tissues. Get a bottle today and start treatment at once. At your druggist's, 25c. Formula on the bottle.

INDIA IN REVOLT PERIL  
SAN FRANCISCO, May 28.—W. P. Ray, an engineer from India, declared here that "the tension of revolts, bloodier in its ramifications than the great Indian mutiny ever aspired to be hangs over India from the extreme north to the south."

Free trips Long Beach. Call 399-M.

# Five Big Conventions at Huntington Beach

The Huntington Beach Tent City Company announces the following conventions to be held this season, beginning June 29.

- Southern California Holiness Association, June 29 to July 9.
- Epworth League Institute, July 16 to July 22.
- Huntington Beach Methodist Assembly, July 23 to August 6.
- Southern California Veteran Association, G. A. R., August 7 to August 17.
- The Advent Christian Conference, August 17 to August 27.

The Tent City grounds cover 13 acres of shady grove in the heart of the residential district of Huntington Beach, within easy walking distance of the surf. Tents fully equipped can be had for any or all of the above meetings at a very low rental. For particulars and program address the HUNTINGTON BEACH CO.

## The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the Editor as an evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communications, and the Register assumes no responsibility for any views that may be expressed in this column.

Editor Register: I see by the Forum in Saturday's Register that one M. N. O. is surprised that the Modern Woodmen should be so unloyal as to hold a picnic on Memorial Day. Kindly allow me to say for the benefit of M. W. O. that the Modern Woodmen will take their hats off to no person, organization, church, or other organized body for loyalty. Our ceremony at each regular meeting, war time or no war time, which is once a week, calls for a presentation of the American flag, which we all salute, after which we all join in singing the Star Spangled Banner. I want to ask M. N. O. if the organization he or she belongs to, or the church, does as much? We have all respect for the living heroes of the Civil War and honor for their dead comrades, and expect that any who attend our picnic will also participate in the memorial services, but we must not forget that patriotism not only consists of being loyal to our country, but that it is quite patriotic to allow the working people who are producing the wealth of the country, to have a few hours now and then to take a little rest and enjoyment. Memorial day is a holiday and nearly all of our members are working people. On May 30 stores will be closed and many of the farm and factory hands will have a day off for rest and recreation. If we had set the day for the picnic on any week day not a holiday our members could not have attended. Under our by-laws we could not hold a picnic, and we would not want to, on Sunday, so we have chosen Wednesday, the 30th. We certainly do not wish to show disloyalty nor disrespect to our brave old soldier boys, and I am quite sure that the Modern Woodmen and Royal Neighbors will conduct themselves at the park in a way that will receive the respect of all.

I sign my name not L. A. S., but LUCIEN A. SWEET, 1416 W. Washington St., Santa Ana.

## IF NEAR ARCS, AUTOS WITHIN LAW, IS VIEW

LOS ANGELES, May 28.—The Los Angeles ordinance providing automobiles left standing at night on the streets must have lights burning, does not apply when the machines are under or near an arc light. With that interpretation of the law Judge T. P. White dismissed 15 offenders before him last week.

"The object of the ordinance is to prevent accidents," White said. "These machines were just as visible as if it had been broad daylight."

BAR BANQUET BARS BOOZE  
CHICAGO, May 28.—Wines and liquors will not be among the present at the Legal Club's annual banquet here tonight. On account of the war, it was decided to ban alcohol and to use the cash ordinarily expended for rare vintage for the purchase of government bonds.

# RED CROSS PAGEANT

A remarkable historical production in six great divisions will be given at

# Tournament Park PASADENA MAY 30

AT 2:30 P. M.

—1,500 persons take part in Pageant.

—Open-air picture-frame stage, 70 feet wide and 18 feet deep.

—Tableaux, pantomimes, dramatic episodes, drills, professional, etc., representing the development of the Spirit of Mercy, beginning with the ancient wars.

—Spectacular presentation of the life of the middle ages, including the work of the religious and military orders of the Crusades, and of royal women such as Queen Philippa of Spain and Queen Isabella of England, by 300 High School Students.

—Scenes from the American Revolution, founding of Red Cross in 1864, episodes of Civil War, work of Red Cross in times of wars and times of peace, care of animals of Red Star society, introducing famous horses and dogs belonging to Mrs. Anita Baldwin.

—Closing with a great procession in which over 1,000 persons take part, including a company of the National Guard.

Proceeds for the benefit of the Work of the American Red Cross Society.

Grand Stand Tickets—25c, 50c, 75c and \$1.00—permit entire pageant to be seen with comfort.

Tickets now on sale at the office of the Southern California Edison Co., 55 E. Colorado St.

# THE THEATRES

West End Theater  
BIG DOUBLE BILL! NINE REELS!  
TUESDAY AND WEDNESDAY, DECORATION DAY  
BLANCHE SWEET in "THE TIDES OF BARNEGAT"

F. Hopkinson Smith's famous story—one of the most popular novels of the day—is a sea story of unusual calibre. The picturesqueness of the sea coast scenes in this production would make it worth seeing, even if they did not form the background of this absorbing tale. F. Hopkinson Smith, the author of this story, is one of the most popular figures in the history of American letters. This is one of his greatest stories—and is full of action.

The balance of this splendid program will comprise Burton Holmes Travelogue, "With the Kandy Elephants," a Paramount Comedy, "Her Iron Will," and

**INCREASED FARM WAGES CERTAIN IS FOUND**

**Food Survey Throws Light On Farm and Labor Problems In California**

SAN FRANCISCO, May 28.—Here are some of the findings of the Food Survey of California just completed by the Committee on Resources and Food Supply of the State Council of Defense, through the University of California College of Agriculture:

Farmers must expect to pay higher wages than within the memory of most men now living, and—equally important—to provide better living conditions.

This means that the farmer must get more for his crops than ever before.

There is no danger of over-production. War or no war, prices will not generally fall within two years.

City capital and city-dwellers can help. By engaging in the production of food on the half-million additional acres in California for which irrigation will next year be available for the first time.

**Urge "Tractor Garage"**  
By helping organize a system of "tractor garages" so that a farmer may hire his land plowed by tractor at a charge by the day or by the acre. Only five per cent of the hundred million acres in California was under plow in 1910, and tractors should be worked co-operatively, and not stand idle.

By eating more fish—the fish supply can be doubled by doubling the fishing. By conserving food and eliminating waste—but though adults may eat more corn, oats, rice and barley, and less meat; growing children must have plenty of milk, eggs and meat.

This food survey was carried on by eight parties sent out by the Committee on Resources and Food Supply (of which President Benj. Ide Wheeler of the University of California is chairman) from the College of Agriculture. A public hearing was held in each of the fifty-seven counties of California. The findings have now been brought together in a report written by Dean Thomas Forsyth Hunt.

Never before, reports Dean Hunt, has so much capital or labor been expended in the production of farm crops in California as this year. Because of deficient rainfall and cold weather, however, the total crop yields of California will be below normal, although not the gross financial returns.

**Field Crops**  
Field crops—or crops other than fruits and vegetables—were somewhat below normal in the Sacramento Valley, much below normal in the San Joaquin Valley, and up to normal chiefly in counties of small acreage. Irrigated crops are not so deficient in

the San Joaquin Valley, although the cold spring will generally there mean one less cutting of alfalfa than usual. Fruit throughout the state is not much below normal in yield, and prices are high.

Since tinplate and glass jars are scarce, drying of fruits should be more widely practiced. California will grow more beans than ever before in its history. Sugar beets have increased. Potatoes are not up to normal. The growing of vegetables on the farm for home consumption ought to be greatly increased in these critical times.

There are 627,000 head of cattle (or the equivalent in sheep) which the range pasture of California cannot carry this season. The farmers must greatly increase their production of sorghums for grain and forage, and also the use of silos. Steers must be brought from the ranges at an earlier age than in the past, to be finished in the valleys, while breeding cows take their place on the range.

**Reduce Lamb Loss**  
Sheep-raisers should reduce the excessive loss of lambs by building cheap and simple lambing-sheds, plans for which can be obtained from the University.

The farmer should greatly increase his production of pigs and chickens, but to do that he must grow more food for them—particularly grain sorghum. A single acre of grain sorghum will raise grain enough for fifty hens, and an acre can be planted in half a day at a cost for seed of fifty cents.

"The big fellow wants labor, the little fellow wants capital"—such was one investigator's summary of the situation.

**PREP BASEBALL RACE TO WIND UP THIS WEEK**

Two games will be played this week in the last round of the semi-finals for the Southern California baseball championship. San Diego High will meet Whittier High, which beat Orange 10-4 Saturday, while Norwalk and South Pasadena stage the second contest. Norwalk won the right to play by defeating Beaumont Saturday at Norwalk, 1 to 0. South Pasadena was to play Burbank Saturday but the latter team withdrew Friday, leaving South Pasadena idle.

Chief interest will be attached to the San Diego-Whittier game, for the other teams are believed to be weak and not of championship caliber. Manager Sprout of the San Diegos will try to bring Whittier to San Diego to play in the stadium Friday afternoon. Whittier is scheduled to go to San Diego Saturday, as San Diego played at Whittier last season. Sprout's only objection to bringing Whittier to the Bay City Saturday is that the San Diego school picnic will be held at Del Mar on that day, and it has been announced at school that the picnic will not be postponed. If Sprout refuses to bring Whittier to San Diego the game will be played in the North and the chances of victory will not be as bright as if the game is played in the Southern stadium.

If it is impossible to have Whittier at San Diego Friday, Sprout should not hesitate in bringing the Quaker team south Saturday, depending on the people of San Diego for support, it is declared. In the last few games, especially Saturday, the citizens have outnumbered the students at least 15 to 1.

**TUSTIN BEATS L. A. BILLIARD MEN 4-3**

By a score of 4 to 3 the Tustin ball club defeated the Sneed Billiard Hall team of Los Angeles at Tustin yesterday afternoon. Phelps and Mitchell were the battery for Tustin and Johnson and Finley for the Angelenos. Phelps struck out 10 and Johnson 8. Phelps left for the East today and will no longer be seen on the mound for Tustin. In yesterday's game Tustin got four hits and the Sneed club 7. Tustin made 2 errors and the invaders 6. Next Sunday Tustin plays the Patton team at Patton. There are twelve teams playing in the Southern California League. Patton led the league, up to Saturday, Norwalk was second and Tustin third. Tustin has won 6 and lost 2 of eight games played.

**F. U. H. S. TEACHERS' SALARIES NOT RAISED**

FULLERTON, May 28.—The trustees of the high school at a recent meeting took no action on the matter of increasing salaries of the teachers, as recommended by the principal. The trustees employed the teachers recommended by Prof. Hauck, with the exception of a successor to take up the work of Prof. Twombly, resigned. As it had been reported that the trustees, on recommendation of the principal, would let out one of the best teachers in the school—a woman who has made good—Wm. Coulter, Miss Suzanne Dean and other friends appeared before the board and asked that she be retained for another year. No action was taken on the matter but it is believed the change will be made. Coulter said that it is not fair to the taxpayers of the district to raise the salaries of the teachers before giving the people an opportunity to be heard from on the question.

**HAMILTON GIVES UP POSITION AT WHITTIER**

Secretary Robert J. Hamilton of the Whittier Community Y. M. C. A. at Whittier, has handed his resignation to the board of directors in order that he may accept a similar position

**SUCCESS OF WAR FOR FREEDOM CERTAIN**

**Three Great Democracies Are United In Purpose For First Time In History**

That with the three great democracies of the world—United States, Great Britain, France—now allied for the first time in history in a titanic fight for the freedom of the world, the present war is certain to end in success for the United States, Great Britain and her allies, was one of Rev. Harcourt W. Peck's statements in his Memorial address delivered yesterday at the First M. E. church.

About 200 members of the G. A. R., W. R. C., Ladies of the G. A. R. and Daughters of Veterans were present. In addition to the usual large congregation. The big auditorium and class rooms were crowded.

H. E. Smith, commander of the Post, occupied a seat in the pulpit and the prayer was offered by Chaplain F. M. Grigsby. "To Thee, O Country," "American Hymn," and "The Star Spangled Banner," were included in the special music. Mrs. Osmar Dietz being the soloist in the rendition of the "American Hymn," and Mrs. Dietz and Earl Fraser taking the leads in the "Star Spangled Banner."

"American Ideals" was the topic of the address, and Rev. Peck took as his text Joshua 4:6: "What Mean Ye By These Stones?"

He made a parallel of the Israelites starving in Egypt and their failure to secure the relief and freedom promised by God because they proved not equal to the task, being sent back into the wilderness for thirty-eight years until they could build up a nation of a more courageous people, and the wars in the United States for religious and individual freedom.

Plymouth Rock is a monument to religious freedom, the Puritans leaving England to secure for themselves freedom of worship.

Bunker Hill was used as illustrating the battles of this country for national freedom.

Gettysburg and Lincoln monuments are memorials for individual freedom.

"The present war is a struggle between Democracy and autocracy for freedom of the world," said Rev. Peck. "We are certain to win. Russia is now passing through a period such as this country had to go through with, and while at the present moment Russia's assistance in the war does not seem very encouraging, the people of that nation will soon be organized, and then they will see the necessity of fighting if democracy is to continue, and they will be found at the front again battling for free nations. With the United States and the allied nations across the water fighting for a common cause, there can be only one result—success for the arms of the powers fighting for freedom of all nations."

The speaker pointed to the flag and called attention to the fact that two of the allied nations have the red, white and blue as their symbol—Great Britain and France—and what they meant for freedom.

The red represents constancy, etableness of purpose; white, purity of intention; blue, courage.

Summing up, he said the red in the flag represented streams of blood, with a background of constancy of purpose and purity—a combination that is certain to make right rather than might prevail.

He concluded with an eulogy to the Veterans and members of the auxiliaries present.

**COLORADO RIVER IS NEARING DANGER MARK**

YUMA, Ariz., May 28.—Reaching a stage of 23.4 feet, the Colorado river, which has been rising at the rate of a foot a day, today neared the danger point. Thirty feet of water will throw the river out of its banks. A message from United States Observer Brandenburg reported extraordinary high water is on its way to the lower reaches of the stream, in the Imperial valley. A double guard is being maintained along the levees. Increased water in the river is expected to bring the gauge to 29 feet tomorrow.

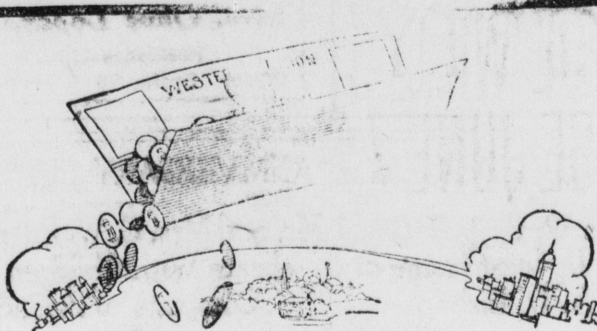

**KNIFE ON CORNS CAUSES LOCKJAW**

Tells How to Loosen a Tender Corn So It Lifts Out Without Pain

—You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freeze-zone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a stick substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.—Advertisement.

## ONE RECRUIT IS SECURED FOR COMPANY L

Recruiting Officers Here To-  
day Were Not Swamped  
With Applications

Harvey Price, of Orange, was the only Orange county boy who had made application for enlistment in Company L up to noon today. Lieutenant Geo. W. White and Privates R. Archer and Boyd Krape of Company E, N.G.C., Santa Monica, were here today from Arcadia as enlisting officers. Price accompanied the recruiting officers to Arcadia this afternoon, where he will take the examination. If he passes he will be sent on to Company L.

Lieutenant White will be at the Chamber of Commerce rooms again next Monday to receive the applications of those who might want to become identified with Company L or other militia companies. Company L needs about fourteen more men to bring its membership up to the strength desired.

Next Monday will be the last opportunity for young men to volunteer. The next day is registration day under conscription.

**YOU NEED A SPRING LAXATIVE**

## NEW FLAG FLOATING AT THE COUNTY PARK

That Samuel King and his wife, caretakers of Orange County Park, are patriotic to a high degree, was evidenced by a little incident Saturday afternoon. In the presence of the splendid crowd of picnickers in the park, a fine flag, the gift of Mr. and Mrs. King, was raised to the pure breezes of the park, after Judge E. T. Langley of Santa Ana, had followed the history of our flag in a few well chosen words and the audience had joined heartily in national songs, followed by prayer by Rev. W. E. Spicer and the salute by everybody.

The flag floats from a fine pole at the entrance to the park, that mecca of Orange county pleasure seekers.

## CITY MARSHAL PULLS GUN TO QUELL PLAYER

Orange Officer Stops Argu-  
ment By Shoving Gun Up  
To Talkative Visitor

When it comes to settling an argument in a baseball game, it develops that there is nothing like a revolver in the hands of a city marshal. At least that is the word that comes from Orange, where the gun as a quietus was used.

Orange played the Knights of Columbus team of Los Angeles, and beat the visitors 7 to 6 in the eleventh inning. In the ninth the score stood 5 to 3 when a K. C. runner went down from first to second and was called out by the umpire for running outside the line.

The player started in to argue. Players gathered around, and things were warmly discussed. City Marshal Farrar evidently thought things had gone far enough, for he joined in the crowd, and ordered peace and quiet. Someone who did not have proper respect for the dignity of the marshal's office is reported to have shoved with a fist against that official's broad chest, with the result that City Marshal Farrar drew a revolver, and enforced peace.

## AWARDS CONTRACT WITHOUT OPENING BID BY REGISTER

Orange News Is to Print De-  
linquent Tax List at Nine  
Cents Per Description

Without opening all of the bids that were submitted, County Tax Collector J. C. Lamb today awarded the contract for printing the delinquent tax list.

The contract went to the Orange News, which bid nine cents per description.

The Register put in a bid of two and a half cents per description per 1000 circulation. The bid was the first one submitted to the tax collector, but was returned today with the statement that it had not been opened.

The letting of the contract has been of considerable interest at the courthouse for the last two weeks. The collector passed the letting of the contract to the Board of Supervisors, and the supervisors, on the advice of the district attorney, passed it back to Lamb.

## 51 ARE TO GRADUATE FROM FULLERTON HIGH

FULLERTON, May 28.—With nine to graduate from the Junior College and fifty-one from the high school, the first of the commencement exercises will be held at the Christian church June 10, when vest services are conducted by Rev. C. H. Marsh. June 14 will be Junior College class day at the high school and June 15, Junior College commencement will be held in the high school auditorium. The high school Baccalaureate sermon will be delivered June 17 in the high school auditorium by Rev. Dean McCormack of Los Angeles. The senior class play, "Milestones," will be given June 19 in the high school auditorium, and on June 21 high school commencement will be held in the high school auditorium.

## WILL HOLD RECEPTION ON FACTORY OPENING

The Chamber of Commerce Entertainment Committee is planning to get busy at once on a reception or housewarming event in connection with the opening of the new woolen factory.

The plant will be ready for operation about the middle of June. If nothing unforeseen happens to delay completion of the factory.

## TWO CROPS LIMAS PRESBYTERIANS POSSIBLE SAYS AGAIN ELECT BEAN MAN STEVENSON

Chas. Morris Conducts Suc-  
cessful Experiment Grow-  
ing Double Crop

Chas. Morris, local bean buyer for the California Packers' Corporation, is not attached to the corporation's trouble department, yet the company sidesteps some of its troubles by referring them to Morris. The latest instance of this was the reference to him by the San Francisco office of a communication from a Texas man who wanted to know if lima bean vines should be pruned, and who also wanted full information on the culture of limas.

Morris gave the inquirer the best information he could, and that is considerable, for Morris was in the game for many years before becoming the Orange County representative for the J. K. Armsby Company.

And while at first the query as to whether limas should be pruned, seems ridiculous, yet it is a proven fact that by trimming lima vines two crops can be produced each year.

Morris got his first insight into this possibility when he was farming beans on the San Joaquin ranch. At one point on his lease water was continually seeping through on to beans. In cultivating, the vines would be cut and mutilated, yet they always produced a good crop, the beans maturing a little later than the others in the field.

Last year he carried out an experiment on a lot at his home. He planted limas in June and after gathering a crop in the latter part of September, cut the runners of the stalk. He then gave the vines a good irrigating. He had lima beans for Christmas dinner, and the yield on the second crop was just as heavy as on the first.

If you want to "make two blades of grass grow where one grew before," try this.

## VERDICT OF \$2000 AGAINST CARELESS DRIVER OF MACHINE

C. S. Delano of Los Angeles, through a judgment entered in Los Angeles Saturday, has found again that an experience he had on the state highway south of Tustin was a costly affair. He was accused of driving so carelessly in passing a truck driven by Reinhold Seegar of Pasadena that he struck a front wheel of the truck and diverted it off of the road. Though the truck did not overturn, Mrs. Seegar and her small baby were hurled from the seat and struck the ground.

This happened several months ago. Seegar stood trial on a charge of careless driving, and Justice Cox fined him. Delano had a letter from Rev. Brougher of Los Angeles stating that he was an exceptionally fine man. The evidence, however, convinced Justice Cox that Delano was guilty. Some of the witnesses said that Delano would not go back to see how badly the woman was hurt.

Saturday in Los Angeles superior court, a jury brought in a verdict of \$2000 damages in favor of Seegar, who is a transfer man of Pasadena. Seegar asked for \$5875 damages.

## WILLIAMS SELLS HIS STORE TO IOWA MAN

R. B. Newcom of Mason City, Iowa, has purchased the R. E. Williams & Company flour and feed business, whose place of business is located at the corner of Fifth and Sycamore streets.

Mr. Newcom was engaged in the wholesale and retail flour and feed business for several years in Iowa and expects to establish a chain of stores in Southern California in this line. He comes to Santa Ana with the intention of making his home here and later will be joined by his brother, who will be associated with him in the business here.

## 'FIRST TO FRANCE' IS RY. ENGINEERS' CRY

SAN FRANCISCO, May 28.—"First to France" is the cry to which men experienced in building, running and maintaining railroads are rallying in San Francisco. The Eighth regiment of Engineers, now recruiting here, will be among those "First to France."

June 1 the San Francisco and Los Angeles recruits will leave for American Lake, Washington. Less than 90 days from today San Francisco, in fact the entire state, will be represented on the Western battlefield.

These San Francisco engineers will help to lay out the tracks that will carry supplies to rebuild the historic Rheims Cathedral; the new defenses of Verdun and, perhaps—that may assist in building that bridge which will span the river Rhine from France to Germany.

Nine regiments are being recruited. Each regiment has 1,100 men; 550 men recruited here and a similar number from Los Angeles and vicinity. Less than 200 more men are needed here.

WE HAVE IT

West Fourth.—Adv.

## S. A. Pastor at Dallas Named To Executive Committee Of Church

Rev. J. A. Stevenson arrived home from Dallas, Texas, early yesterday morning and preached sermons at both services at his church.

The popular minister was re-elected for a full term of three years on the executive commission of fifteen of the Presbyterian Church of America, two ministers and three elders being elected each year.

Rev. Stevenson reports Texas booming and bumper crops of wheat and corn expected. The wheat is being cut now and looks fine. Corn is a little backward as yet but is in excellent condition.

At the assembly, which was held at Dallas, a forward step taken was the appointment of a commission of forty-five to stimulate social service work in the church. The forty-seven-page report of the general commission, of which Rev. Stevenson is a member, was adopted in 43 minutes without changing a word.

## AT THE COURTHOUSE BLIND MAN SEEKS REMOVAL OF OLD \$5 MONTH ORDER

Employee of Los Angeles Title  
Company Is Center of Un-  
usual Petition

The troubles that followed the coming of blindness are merely referred to in a petition that was filed with the county clerk today by attorneys for W. L. Ramsey. On April 3, 1894, Ramsey, then well and strong and with the use of his eyes, was ordered to pay Louise L. Ramsey, his divorced wife, a month for the care of their daughter, a minor.

In March, 1899, Ramsey was stricken with blindness, and his earning ability for many years was cut off. From that time until 1912 he was paid \$25 a month by the Title & Insurance Company of Los Angeles, his former employer. By 1912 he had learned to do typewriting, and though blind, the Los Angeles company is giving him employment and is paying him \$75 a month.

The petition states that Ramsey kept up his payments of \$5 a month up to the time he became blind, at which time his former wife said she would no longer accept the payment. The daughter became of age and is now married. The court here is asked to decree that there is no money due Mrs. Ramsey for payments not made since March, 1899.

**Transferred Here**  
An action for \$2232 brought by the White Sewing Machine Company against J. W. Dean and D. M. Peters has been transferred to this county from Los Angeles county.

**Inheritance Tax**  
An inheritance tax of \$279.91 has been paid by the heirs of William H. Hildebrandt, who died a suicide at Anaheim. The estate was worth \$12,614.

**Order Is Given**  
The guardian of Mrs. Martha Shaffer Vaughan has been given permission to expend \$500 in improvements of a North Main street home.

**Trial Is Today**  
Today Judge West and a jury are taking evidence in the trial of the \$10,110 damage suit brought by Mrs. Mary A. Flood against the Head Drilling Company. The complaint asserts that a truck of the defendant was being driven at night without proper lights and ran into a machine in which Mrs. Flood and her husband were riding. Mrs. Flood alleges she had the ligaments of one knee torn.

**Recorder's Office**  
An attachment has been recorded in a case brought for \$19.52 by Armour Fertilizer Company against C. J. Duncan.

A notice of sale shows the transfer of a cigar stand from Challis Silvey to E. W. Van Cleave.  
An abstract shows judgment of \$1037 entered in Los Angeles in favor of Henry C. Scheurer against Ed S. Brown.

## IN THE JUSTICE COURT SHERIFF RAIDS TWO MEXICAN GAMBLING JOINTS, NINE FINED

In raids Saturday night, Sheriff Jackson and deputies arrested four Mexicans at Westminster and five at Los Alamitos. This morning nine men paid fines of \$10 each for gambling, and A. Cabera, who runs a poolroom at Los Alamitos, was fined \$25 for running a place for gambling.

At Westminster a dance was being given, and the card game was on in a house near by. The lookout was inside watching the game, his back against the door. The sheriff slipped his knife blade in the crack of the door, shoved the bar, and the door flew open, and the surprised lookout fell into the sheriff's arms.

**Charges Shooting**  
Jerry Delao has had Lazaro Camarillo arrested for shooting at him. Delao says Camarillo gave him some booze, and afterward tried to collect \$2 for
